2s & 3s Lesson Truths

Spring 2023

Weeks 1–4: God Protected

Three stories in this unit deal with baby Moses: his family, his mother's loving care in making the basket-bed for him, and the princess's care of him. The final lesson in the unit is about grown-up Moses leading God's people. We will emphasize God's care for us and the truth that He is with us wherever we go.

Weeks 5–9: God Loved

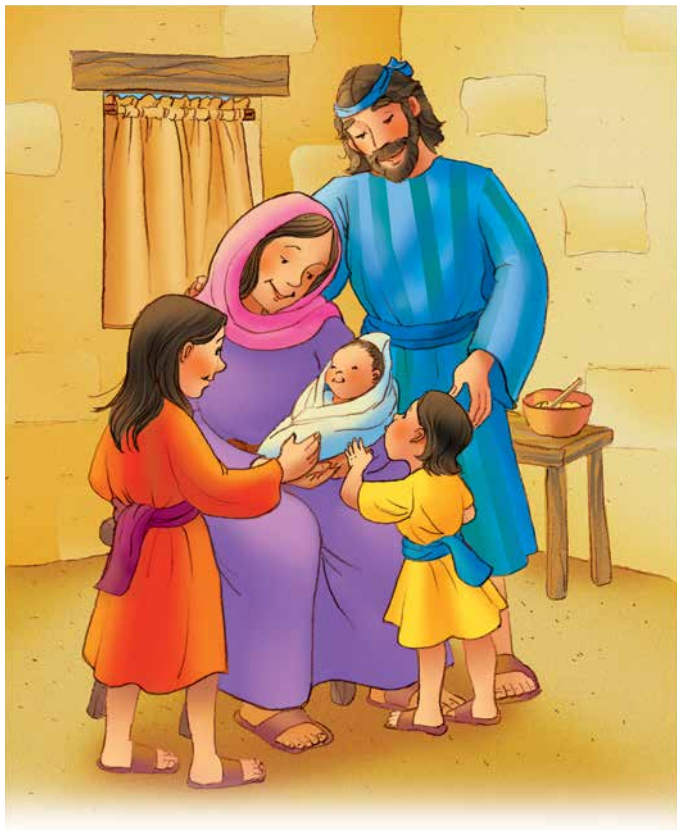

The Bible stories for this unit include Jesus' triumphal entry, resurrection, two post-resurrection appearances, and ascension. Your child will realize that Jesus loves us, that Jesus is living, and that Jesus is in Heaven today.

Weeks 10 and 11: God Provided

This unit focuses on two Bible stories from the time of Elisha: the oil provided for a poor widow and the room made for Elisha. Your child will learn that God gives us what we need.

Weeks 12 and 13: God Cared

From the lessons on Captain Naaman's sickness and healing, your child will learn that God cares for us and helps us when we are sick.

God Protected Moses

Exodus 1:8—2:2

STEP, step, step. Very softly big sister Miriam walked across the room. Big brother Aaron fanned the flies off the baby. Everyone was very quiet. They did not want baby Moses to wake up crying.

Mother and Father had been so happy when their little baby boy was born. Miriam was excited to have a baby in the house. Aaron was glad to have a baby brother. Everyone loved the new baby.

Baby Moses was getting a little bigger now. He liked to make noises. He would coo and ah.

But the king and some bad soldiers did not like little baby boys. The king had said that new baby boys should be thrown into the river. This made Moses' family very sad. They did not want baby Moses to be thrown into the river.

Each person in the family helped keep baby Moses from crying. His family loved him and cared for him.

Let's talk about the picture:

1. Point to the baby. Who is holding him?
2. Point to the baby's father.
3. Point to the baby's sister and brother.
